TD-1500 Heavy-Duty Sliding Trundle Drawer

The dead space between your chassis rails, turned into a lockable full-length drawer

The TD-1500 slides out on heavy-duty bearing-type slide rails, bringing long tools and high-value gear to hip height. 5052 aluminium alloy with full weatherproof and dustproof rubber seals and a T-lock with keys. Fits the subframe channel on the SB-1800 service body.
